(a) Councillor Sandison moved and Councillor Thomas, in the absence of Councillor Trimble seconded the following motion as set out at item 8(a) of the agenda:

“This Council recognises the significant impact changes to personal independence payments will have on both recipients, their carers and young people who are cared for. Being fit enough to work will be a big challenge for many people suffering from long-term disabilities and or have physical mobility problems, becoming able to take up paid employment or unpaid will be life changing in itself. Transferring to a different funding regime may require dependable benefit advice whilst cases are being reviewed.

This Council therefore supports local advice and support service for Rugby residents making those changes through a PIP advice and support services with ease of access for both service users, and sign posting towards appropriate providers.

This Council should try to ensure through its Partnership and Wellbeing portfolio that our residents shall not fall further into poverty as predicted by the Office for Budget Responsibility and work with community providers to minimise the impact on children, carers, and their households.”

Further to debate, the Mayor put the motion to the vote and declared it carried.
